

MaX-Quip
Experts in our field.

Product Spotlight

MaX-Quip is the exclusive Western Canada distributor for Tanks-A-Lok.

These locks have successfully been adopted in the State of Iowa, by all of its NH3 dealers and producer owned wagons.

Totaling approximately 24000 vessels.

Locks can be keyed in groups to facilitate having one key for all locks supplied to customer.

Delivery times are one to two weeks from point of order.
